What we've been up to

Supporting Harrison Lunt at Brine Leas School with his mission to fundraise and provide the school with 2 defibrillators. Harrison is part of BL6 and asked if we could present to the students about the work of CRY and why the CRY for Matthew screening programme was so important. He wanted to show that it isn't only older people that die from heart problems. Young people maybe fit & healthy but they are NOT invincible.

We also supported Cardiac Risk in the Young with a **feature on BBC Inside Out** on 23 February. Three families in the North West were interviewed about how S.A.D's has affected their lives. The programme can be viewed here: www.c-r-y.org.uk/inside-out-north-west-campaigning-for-heart-screening/

We are now proud to be **sponsoring a radio programme on Red Shift Radio**, Wake up to the Weekend with Charlotte Birch. Charlotte will keep you updated every Saturday morning with what we are up to and the latest screening information.

Thank you to everyone who continues to support the fundraising events we hold. We are always happy to support any fundraising you would like to do on our behalf so that we can continue to screen young hearts in Shropshire & Cheshire and keep Matthew's memory alive.
